Code	Description
PDA775	Standard for Concreting in
PDA776	Flanged for Bolting on

SPECIFICATIONS

Model G6 Attractive Tear Drop Design

The Pooldeck G6 Grab Rail has been designed for the swimming pool that has vertical steps in the wall. Tear drop shape. Available with a welded flange and cover plates or standard.

Material: Heavy Gauge Stainless Steel 38mmø mirror polished.

Standard: The legs are 100 mm longer which allows you to set the grab rails in concrete or epoxy.

Flanged: A flange allows you to fix the grab rails to the pool deck using a bolt and plug set or similar. (3 per flange)
