Code	Description
PDA777	Standard for Concreting in
PDA778	Flanged for Bolting on

SPECIFICATIONS

Model G7 Long Standoff, Uneven Rail Heights

The Pooldeck G7 Grab Rail has been designed for the swimming pool that has vertical steps in the wall. Uneven rail heights cater for different people's height.

Material: Heavy Gauge Stainless Steel 38mmø mirror polished.

Standard: The legs are 100 mm longer which allows you to set the grab rails in concrete or epoxy.

Flanged: A flange allows you to fix the grab rails to the pool deck using a bolt and plug set or similar. (3 per flange)
