PERFORMANCE RETRO-FIT LIGHTING

retro SERIES

Give your pool a radiant makeover this season with the Spa Electrics RETRO-Series underwater Lighting. With Brighter illumination & superior energy efficiency, the choice is easy!

before

100w Halogen

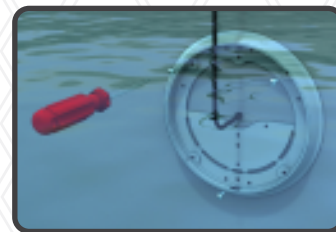

The Spa Electrics RETRO-Series, high performance LED pool Lights suit most major brands of existing lights on the market and with our patented electrical connection, installation is performed in minutes without the need to lower water levels or replace costly transformers.

after

Spa Electrics RETRO-Series (LED)

Utilising advanced Ceramic Light Engine Technology, the RETRO-Series boasts greater illumination than a 100W halogen Light while consuming less than 12watts of energy! Saving you money and reducing carbon emissions by up to 90%

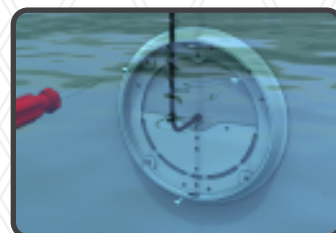

replaces all brands

The RETRO Series unique adaptor plates allows for seamless replacement of most major brands.

patented design

Patented electrical connection means, no cable joining and no source of water entry.

high performance

Brilliant colours, brighter illumination and an increased energy saving of up to 90%!

simple replacement

The RETRO series can be installed in minutes, without the need to lower the water in your pool.
