

AQUA-STAR FLUSH-MOUNTED POOL LIGHT SYSTEM

CONCRETE POOLS - HALOGEN

From the simple to the extraordinary, lighting is often the most eye catching aspect of pools and spa design. Aqua Star lights fit flush with the pool wall, making them stylish, modern and totally unobtrusive. The elegance of the lighting system can be enhanced with the addition of the optional stainless steel trim kit, creating some spectacular visual effects. Aqua Star lights are fitted with a 12V 50W long life globe and are supplied with snap-on blue and green lenses. The Aqua Star light is supplied with a housing and adjustable dress ring. Aqua Star lights are suitable for all types of application - water features, spas, fountains, waterfalls, beach areas, ponds and overflow basins.
