Flush Mounted

stylish, modern design

mounts flush with wall

suits all pools & spas

AQUA  **QUIP** 

the star performer in pool lights

standard

optional stainless steel trim ring

housing, dress ring & light

The Aqua-Star Pool Lighting System combines many unique features resulting in a spectacular, ultra-reliable lighting system that is user friendly and easy to install.

The beauty of the Aqua-Star is that the lights sit flush with the pool wall, making them totally unobtrusive. The lights are stylish and modern, making them ideal for all types of water features, spas, fountains, water falls, beach areas, ponds and catch tanks.

The elegance of the lighting system can be enhanced with the addition of the optional stainless steel trim ring, creating some spectacular visual effects. The Aqua-Star system is supplied with quality cable and industrial strength transformer to ensure maximum light output.

The Aqua-Star system is Extra Low Voltage, ensuring safety at all times.
