

SLX Multicolour LED Pool and Spa Lights

- ✓ Selectable colours and transitions
- ✓ 50,000 hour lamp life
- ✓ Flush mount or wall mount options
- ✓ Smart software synchronises multiple lights
- ✓ Viron Connect compatible
- ✓ 7 Standard Colours with 3 Colour Transition Modes

SLX MULTICOLOUR LED POOL AND SPA LIGHTS

The new Astralpool SLX Lights are the latest in LED Light technology and encompass features not found in other lights.

With 7 standard colours to choose from, the SLX Lights can be matched to give the perfect enhancement to your pool at night. With 3 Colour Transition Modes, (Smooth, Fade and Disco) pool parties are elevated to the next level.

We have even thought to add 3 brightness levels so not only can you select the right Colour or Mode for your surrounds, you can even choose the right level of output as well.

With Niche Kits to suit Concrete or Fibreglass installations, Surface Mounts for Vinyl and Fibreglass and Retro Fit Kits available to replace outdated pool lights the SLX Lights are suitable for every pool.

Astralpool SLX lights can also be operated from compatible Astralpool Chlorinators.

The slim profile allows for minimum intrusion into the pool maintaining the sleek modern look of today's pools and the one piece moulding prevents any water ingress.

Long life 50,000 Hour LED Light Engine.

Our 2 or 4 Light Transformers allow for one 10amp Outlet to control up to 4 lights, this frees up power points to control other pool features

The SLX Lights are also fully Viron Connect compliant, meaning that total control of your SLX Lights, On/Off, Colour Change, Transition Mode Selection etc. is done through either, Viron Connect Touchpad, RF Remote or Internet Gateway (Connect My Pool App).

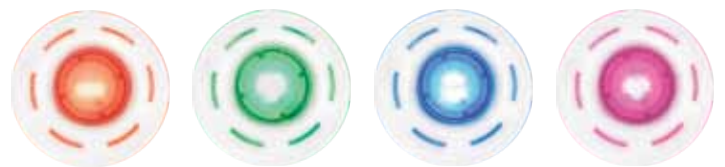

Why not bring out your pools "True Colours" today with the Astralpool SLX Pool and Spa Lights?
