

LIQUID BLANKET

Code

10122

Description

Liquid Blanket

Liquid blanket – 4 Litre

SPECIFICATIONS

Liquid Blanket

Description:

Completely orourless, tasteless and undetectable by pool users, liquid blankets is a fast and easy alternative to pool covers. Unlike the conventional pool cover, which has to be removed each time the pool is used, and put back each evening, Liquid blanket keeps a pool open and ready to use 24 hours a day, seven days a week. It eliminates almost all evaporation and saves up to 40% of the heating costs. An automatic dosing system will measure and dose the correct amount of Liquid Pool Blanket on a daily occurrence to ensure that the pool is covered every day of the year. Consider the Liquid Blanket as you pool cover and the dosing unit as your automatic roller.

Ordering:

Please specify product number when ordering.
