

A WARMER, HEALTHIER, CLEANER POOL... AUTOMATICALLY.

When it comes to spending your free time there are more important things to do than tending to your swimming pool. Thanks to Vanquish, the automatic in-floor pool circulation and Cleaning system, your pool can be built to clean itself while you relax. Built right into the pool Vanquish is engineered to clean your pool floor and walls. When not operating, Vanquish disappears back into the pool floor, making it virtually invisible. There are no unsightly robotic cleaners and hoses. All that's left is a sparkling clean pool that's ready to enjoy. Vanquish is custom-designed for your unique pool shape.

Not only are in-floor cleaners considered the most technologically advanced pool cleaners available, they are also built to last for the life of your pool. That's why Vanquish comes with a lifetime limited warranty on all cleaning jets. It's just one more way Vanquish helps you relax and enjoy your pool.

- CLEANS YOUR POOL FLOOR AND WALLS
- LIFETIME LIMITED WARRANTY ON CLEANING JETS
- A VIRTUALLY INVISIBLE CLEANING SYSTEM
- NO UNSIGHTLY CLEANER TO REMOVE FROM THE POOL
- 99% CLEANING GUARANTEED*
- MDX-R3® VGB COMPLIANT DEBRIS DRAIN WITH ANTI-ENTRAPMENT TECHNOLOGY. (OPTIONAL)
- ALWAYS SWIM READY
- ADVANCED CIRCULATION THAT SAVES ON CHEMICAL & HEATING COSTS
- A WARMER, HEALTHIER, CLEANER POOL

FROM THE WORLD'S #1 IN-FLOOR CLEANING SYSTEMS COMPANY

HOW VANQUISH WORKS:

- Warm, clean water is pumped to a patented, Water Valve, a non-electric controller that efficiently distributes water to all areas of the pool.
- Your pool is divided into separate cleaning zones, which are individually activated by the water valve.
- Each cleaning zone has nozzles located within it to insure a high pressure jet of water blasts away all dirt and debris in its path.
- One by one, the Water Valve delivers filtered water to each zone of the pool, automatically moving dirt and debris to the optional MDX-R3® VGB Compliant Drain and skimmer to be removed.
- The optional patented Swingjet ratcheting wall returns help to form the Vanquish Collection Zone that pushes debris to the MDX-R3 drain where it is removed and collected in the deck mounted Debris Containment Canister for convenient disposal. Additional safety can be achieved with the **MVFUSE** Magnetic Vacuum Release System (SVRS). (MDX-R3, Canister, & MVFUSE are optional)
- Dirt and other water born impurities are removed from the water by the filter, completing the cleaning cycle.

SWINGJETS ENHANCE CLEANING & CIRCULATION

Enhance your pools cleaning & circulation by adding Paramount's optional Swingjets to your Vanquish in-floor system. These Patented ratcheting wall returns, sequentially oscillates in a 90 degree cleaning arc sweeping debris from walls and hard to reach places.

*Excludes steps and benches. Only applies to systems that include a MDX-R3 drain.
**WARNING: MDX-R3 and SDX must be installed in accordance with Paramount's written instruction manual, and in conformity with applicable Federal, State, Local and Swimming pool industry building and safety codes.

VANQUISH SAVES CHEMICALS, ENERGY AND MONEY WITH IMPROVED CIRCULATION.

Not only is Vanquish a powerful pool cleaning system, it's also an advanced circulation system. Ordinary pools circulate water near the surface of the pool, where chemicals and heat are quickly lost into the atmosphere. This often leads to wasted chemicals, wasted heat energy and several poorly circulated algae-prone areas throughout your pool.

Vanquish improves the poor circulation found in ordinary pools. Using rotating cleaning jets strategically placed in the pool floor. Vanquish evenly circulates water throughout every square inch of your pool. This improved circulation has been proven to create a cleaner, healthier more comfortable pool water while reducing the loss of chemicals and heating energy to the atmosphere. This means Vanquish will save you money while it delivers healthier water.

Independent studies have proven that you can expect significant savings in chemical costs and heating costs for the life of your pool.

CIRCULATION BENEFITS:

- ENJOY CLEANER, HEALTHIER WATER
- NO POORLY-CIRCULATED ALGAE-PRONE AREAS.
- ELIMINATES COLD SPOTS FOR MORE COMFORTABLE SWIMMING.
- SAVES CHEMICALS FOR THE LIFE OF THE POOL.
- SAVES ENERGY COSTS FOR THE LIFE OF THE POOL.
- BETTER FOR THE ENVIRONMENT.
- INDEPENDENTLY PROVEN TO SAVE YOU MONEY FOR THE LIFE OF YOUR POOL
