

Legend® II

Inground Pool Cleaner

By Pentair Water Pool and Spa®

New look, new features, superior cleaning performance

For fast, thorough pool cleaning the energy-efficient way, count on the powerful Legend® II inground pool cleaner. This newly improved cleaner includes a host of patented design features that deliver powerful vacuuming performance and long service life without consuming any extra energy. It attaches to your return line and operates during your normal filtration cycle. Key features include:

- Front-wheel drive provides maximum traction on inclined surfaces for better, faster coverage of pool bottom and walls.
- 4-wheel design and even wider base prevent tipping (common with 3-wheel cleaners) for uninterrupted performance.
- Dual thrust jets for maximum power and optimum travel speed—adjustable to assure complete coverage in pools with different slopes and shapes.
- New 60% larger debris bag captures more dirt; wider bag opening makes emptying a cinch and new snap-lock bag provides easy, secure closure.
- Thoroughly cleans your pool in just 1 to 3 hours.

For a cleaner pool in less time and with less energy use, put Legend II to work in your pool today.

An Eco Select™ Choice

The Eco Select™ brand identifies our “greenest” and most efficient equipment choices. The powerful Legend II pressure-side automatic pool cleaner does not require a booster pump, providing highly energy-efficient cleaning performance.

Legend® II Inground Pool Cleaner

Snap-lock closure allows for easier cleaning and secure debris containment

Sleek new design features a 60% larger debris bag for greater debris collection capacity

No tipping with this solid, 4-wheel design (common with 3-wheel cleaners)

Just as with cars, front-wheel drive creates better grip for better maneuverability and sure tracking that delivers fast and thorough cleaning performance

Legendary appetite. Legendary simplicity.

Legend® II inground pool cleaner features a 60% larger debris bag and an extra-large intake throat that handles anything your pool environment throws at it...leaves, twigs and sand are removed with ease. Plus, for all its power, Legend II is simple to install and simple to operate.

- Installs in minutes to your return line.
- Extra-large collection bag extends time before it needs to be emptied...easy to remove and reattach.
- Built-in back-up valve activates every 3.5 minutes to assure total coverage and avoid hang-ups by steps and in corners.
- Dual-jetted venturi creates powerful whirlpool/vacuum action for more thorough pool cleaning.
- Recommended for all gunite, vinyl, and fiberglass pools.
- One-year limited warranty. See warranty for details.

Dual thrust jets propel Legend II along the bottom and walls of your pool at just the right speed to assure maximum vacuuming effectiveness.
