Q3704-15	Spa Power Variable Colour Light (SPVCL) with 1.5mtr lead
Q3704-35	Spa Power Variable Colour Light (SPVCL) with mtr lead
Q3704-100	Spa Power Variable Colour Light (SPVCL) with 10mtr lead

FEATURES

Utilising the latest in efficient LED technology the SPVCL offers long life and a range of vibrant colours to make any pool look stunning. The SPVCL simply plugs into any of the latest Spa Power range of controllers and is controlled via the controllers pool side touchpad, making it a perfect accessory. The range of colours and modes of operation are dependant on the controller. Installation as per a standard 2.5 inch pool light.

Energy efficient design, Maximum 12V current drawn is less than 0.08A

Typically LED life of 50,000hrs to 100,000hrs compared to a normal incandescent bulb life of between 5,000hrs to 15,000hrs.

Energy efficient design means the SPVCL runs far cooler than a normal bulb

Perfectly matched primary colours support smooth colour mixing Light output exceeds that of a typical 9W bulb using filter lenses.

Approvals matches the Spa Power range of equipment offering safety, EMC and immunity approvals to EN standards, making it suitable for sale in markets such as Europe, Australia and New Zealand.

SPECIFICATIONS
